Section 4.3 of the NWOD SAP/QAPP calls for a Pre-Final Inspection. Based on the discussions during today's NWOD Weekly Agency Progress Meeting it was recommended that the Pre-Final Inspection occur next Monday, December 5, as part of the Weekly Progress Meeting to be attended by EPA. This is pending confirmation by EPA.

The Pre-Final Inspection will generate a construction punchlist of the outstanding construction items, actions required to resolve items, and expected completion dates for these items. The Pre-Final Inspection report will include the punchlist and a proposed date for the Final Inspection.
